

Product ID:
RG/HELMET/SPECIFIC COLOUR

Product Name:
Helmet (available in 4 colours)

A comfortable, stylish helmet designed to protect the user from falling objects.

Compliant with EN 397, our new RIDGEGEAR helmet has been designed in partnership with LAS helmets to create a modern, ventilated and comfortable helmet you will want to wear all day.

Accredited to:

EN 397:2012 + A1:2012

External Shell:

High density ABS

Ventilation:

8 holes protected by steel nets that guarantee optimal ventilation even in a static position.

Size Adjuster:

Easy Turn 3D size adjuster complete with micrometric wheel for the regulation in three dimensions of the size.

Accessories:

Connection Points for the addition of universal earmuffs: transparent, smoked or mirrored visor and complete with clips for lamps

Inner pad:

Tailored fit made of soft technical fabric COOLMAX®, treated Interpower® and Sanitized®. Extremely breathable, it maintains comfort for the long term. Completely removable and washable by hand or in the washing machine at 30°C with neutro soap.

Strap:

Anti-skid strap made of black nylon complete with divider for optimal adjustment of the fit.

Weight:

340g
